Dear Guru Raj Agri Clinic & Agro Serve,

**Greetings from the Indian Rice Exporters' Federation (IREF)!**

We are delighted to invite you to participate in the Bharat International Rice Conference (BIRC) 2025, being jointly organized by **APEDA, Ministry of Commerce & Industry, Government of India & IREF** on **October 30-31, 2025**, at **Bharat Mandapam, Pragati Maidan, New Delhi** and in co-partnership with major associations and stakeholders.

As the world's leading rice exporter, India will host its largest-ever gathering of the rice community, bringing together over **2,500+ exporters, 1,000+ importers, 150+ diplomatic missions**, and key stakeholders including government officials, shipping lines, inspection agencies, packaging manufacturers, insurance companies, FPOs, financial institutions, and rice-tech start-ups etc.

**Why You Should Attend:**

- Business Partnership** : Meet 2,500+ rice exporters and millers under one roof to explore direct sourcing opportunities.
- Cost Efficiency & Supply Chain Optimization** : Negotiate better prices and streamline your procurement by interacting with shipping lines, insurance companies, custom house agents, packaging companies, and many other service providers.
- High-Level Networking** : Engage with **senior ministers, government officials, port authorities**, and trade leaders to build lasting institutional linkages.
- Tailored B2B Meetings** : Connect directly with top Indian rice exporters and value-added product manufacturers through structured, interest-based meetings.
- Expert Insights** : Attend panel discussions with global leaders on trade dynamics, logistics, quality control, and innovation in rice value chains.
- Technology & Product Showcase Security** : Discover advancements in milling equipment, sustainable packaging, and innovative rice-based products.
- Harvest-Season Advantage** : Experience India during its peak paddy procurement period and explore wholesale markets, rice mills, and bulk sourcing at the best value

This is a largest rice event's platform to **amplify your global presence**, access new markets, and rice value & rice supply chain to help you to economise your rice import to stay ahead in the international rice trade.
